

WHIRLPOOL SCHEDULE 2017

Please check the whirlpool schedules (see below) before making a visit.

Whether high or low tide, and the hour of the tide also effect what you will see on the day.

high: Tidal currents from the Kii-suido Channel flow into the Seto Inland Sea.

low: Tidal currents from the Seto Inland Sea flow into the Kii-suido Channel.

Schedules indicate the peak times of whirlpools, around these times whirlpools can be observed.

The times in red ⇒ large whirlpools, within +/- 2 hours of the time indicated.

in blue ⇒ medium whirlpools, within +/- 90 minutes of the time indicated.

in black ⇒ small whirlpools, within +/- 1 hour of the time indicated.

★We recommend visiting UZU-no-MICHI at **the time in red and low tide of the day.**
